Flexi cleaning tool

A flexible tool which bends into shape to suit the cleaning task at hand.

Flexi is a handheld tool which bends into shape to clean the trickiest of places. It can also be used with an extendable handle for hard to reach cleaning.

It is available with a choice of microfibre sleeves which attract and holds dust, and can be used dry for dusting or damp for tougher cleaning.

This includes a disposable option along with the new Flexi Chenille microfibre sleeve for extra cleaning power especially on uneven surfaces. Sleeves and tool are sold separately.

Key features & benefits

Microfibre
Cleaning

Flexible

No chemicals
required

Use damp
or dry

- Flexible tool bends into shape to suit the cleaning task.
- Microfibre attracts and holds dirt for effective cleaning.
- Range of removable, washable and disposable microfibre sleeves.
- Fits onto telescopic handles for reaching high levels.
- Chenille microfibre sleeve helps to pick up dirt and dust from shaped objects.

Washing instructions

Do not use fabric conditioner.

How to use

Attach the sleeve of your choice to the Flexi and bend into the desired shape for cleaning. For hard to reach cleaning attach the telescopic handle.
