

CHICOPEE® Lavette Super

The market leading durable Foodservice cloth

Chicopee® True Confidence™

Lavette Super is a multi-functional, absorbent, strong and durable all round cleaning cloth. Its unique open structure guarantees superior dirt pick-up and efficient absorption of oil, water and other liquids. Its unique structure and composition ensures the wipe dries quickly and thus remains clean and fresh for longer providing optimal hygiene and minimal odours.

Lavette Super

FCC

Antibacterial

Combining FCC approval and Antibacterial activity

Problems

- Foodservice employees are often dealing with dirty tables or kitchen areas that need to be cleaned quickly and effectively
- Poor quality and low weight wipes often look cheap, and poor performance can waste valuable time
- Many Foodservice cloths are hard to rinse and keep clean, wasting time and causing cloths to develop odour quickly

Solutions

- Its unique bulky open structure guarantees superior dirt pick-up and efficient absorption. In addition the antibacterial activity ensures an odourless and clean cloth, all day long
- Durable throughout the day, it can also be washed at 90°C over 40 times while still retaining all of its cleaning ability
- The unique open structure ensures maximum dirt collection, whilst easily rinsable, ensuring wipes stay fresh for longer

HARRISON
WIPES

All Chicopee Foodservice wipes are externally certified for FCC (Safe to come into direct contact with food).
