STRENGTH

3.5 / 5

TRIPLE CERTIFIED

PERU & INDIA

Fairtrade, Organic and Rainforest Certified Coffee - you can't get fairer than this coffee! Full of fruity sweetness with syrupy redcurrant and sloe berry notes. A crisp taste of buttered toast, with the flavour of brioche almonds and honey coming through with milk.

CECOVASA- FT Peruvian Arabica Coffee

FLa Central de Cooperativas Agrarias Cafetaleras de los Valles de Sandi (CECOVASA) was founded in 1970 by five co-operatives with the objective of exporting directly as a group, obtaining better prices and sharing costs. Before this, farmers sold their beans to local traders, who typically paid less than half the market price. Today the organisation exports directly to US and European markets and is one of the largest small producer organisations in the country.

FTAK - FT India Robusta Coffee

FTAK is a small farmers' organisation located in South India that grows coffee and many other products including cashew nuts and tropical spices. Formed in 2006, FTAK is a farmer-led movement whose members are located in four hilly districts of the Western Ghats of Kerala. Cashew growers are mainly in Kasargod and Kannur regions and spice growers mainly in Kozhikode and Wayanad.

What is Rainforest Alliance Certified Coffee?

From fighting deforestation and climate change to building economic opportunities and better working conditions for rural people, the Rainforest Alliance is working to solve urgent environmental and social challenges. Find out more at ra.org

What is Organic Coffee?

Organic is a system of farming and food production. Organic farmers aim to produce high-quality food, using methods that benefit our whole food system, from people to planet, plant health to animal welfare.

What is Fairtrade?

Fairtrade is about better prices, decent working conditions, local sustainability and fair terms of trade for farmers and workers in the developing world. For more information visit info.fairtrade.net/sourcing
