

2023

No. 241089

1,800,000 LITRES

## SOURCE

Has made available a total of 1,800,000 litres of clean drinking water in the first half of 2023. This contribution has helped at least 25 people gain access to clean, running water for 10 years or longer.

Source has donated to the Made Blue Foundation for this purpose. This donation is invested in water projects in countries with severe water scarcity.

This way, an equal amount of clean drinking water will become available to people who currently do not have access to it.

Date: **July 19th, 2023**
