MST Frame
994258

Blue Pad
994226

White Pad
S0176000

Performance Pad
S0177000

> MST FRAME

Uses hook and loop to attach pads. Ergonomic handle provides a secure and comfortable grip.

> BLUE PAD

Blue microfiber pads are used for laminate wood and in general areas.

> WHITE PAD

White microfiber pads are used for glass, mirrors, internal windows, digital displays and stainless steel.

> PERFORMANCE PAD

Used for removing stubborn stains with tough scrubbing strips.

1

Choose relevant pad and attach to MST using the hook and loop pads.

2

Moisten MST pad or spray area to be cleaned using a spray bottle.

3

Wipe surfaces until clean.

4

When pad is soiled, remove and soak in warm soapy water. Wring out and let dry before re-use. Alternatively, pads can be machine laundered.

MST is also Interchange compatible for high level cleaning.
