RUST REMOVER

LABEL INSTRUCTIONS

Product Description & Directions for Use:

A specially formulated acidic gel for the removal of rust, iron mould and old blood stains on carpet and fabric.

For professional and industrial use only.

Rust Remover is ready-to-use. Shake before using. Always pre-test fibres and fabrics in an inconspicuous location for suitability and colour fastness. Some fabrics and dyes may be sensitive to acidic solutions.

Apply Rust Remover directly to the rust spot. Avoid over-application.

Allow several minutes contact time. Agitate gently during this time with a brush or scraper.

Blot and extract area thoroughly with clear water. Repeat steps above if necessary.

Groom carpet or fabric to align fibres.

Note: Old rust spots will require longer contact time than fresh rust spots. Agitation speeds rust spot removal. Thorough extraction will prevent re-appearance of rust spot.

- Professional rust remover for carpets, fabrics & most surfaces
- Economical and safe-to-use
- Does not require chemical neutralisation
- Clear viscous liquid
- Pleasant fragrance
- Ready-to-use

pH Concentrate: 1.0

pH Diluted: Not applicable
